

In the 13 seconds it takes to read this paragraph, one person in the US will sustain a brain injury. BIANYS is the leading state advocacy organization for individuals with brain injuries and their families. We are here to help.

Through the support of our members, BIANYS is able to advocate for awareness and services to meet the physical, social, and emotional needs of those with brain injury. Membership is for the full calendar year (January 1 – December 31, 2017).

We work together to prevent future brain injuries and help those who have already sustained an injury. Together, we can make a difference in lives. Together, we are the voice of brain injury.

**Be the Voice
of Brain Injury.**
