

What is Go Blue?

Go Blue! for Brain Injury is a campaign that raises awareness and funds to support the Brain Injury Association of New York State (BIANYS) during Brain Injury Awareness Month in March. We invite businesses and organizations around New York State to participate in Go Blue! by establishing internal fund raising and brain injury awareness campaigns that engage their staff and other supporters.

How does my organization participate?

Organizations can register online at bianys.org. There you'll find a Go Blue! Coordinator's Manual and other information to get you started. During your event, **be sure to send us pictures to be part of the Wall of Fame** on our website and social media!

Where does the money go?

Funds raised by the Go Blue! campaign go directly to the BIANYS Annual Conference Scholarship Program for association members with brain injuries who are facing financial hardship. The BIANYS Annual Conference provides a variety of workshops and sessions, many created specifically for brain injury survivors. It also helps foster a much-needed sense of community and belonging for people that are often isolated and misunderstood.

How do I make a donation or become a sponsor?

For sponsorship and donation opportunities, please visit bianys.org or email Eileen Reardon, Executive Director, at ereardon@bianys.org.

About the Brain Injury Association of New York State

The Brain Injury Association of New York State is a statewide non-profit membership organization that advocates on behalf of brain injury survivors and their families and promotes brain injury prevention. We support, educate and advocate for the brain injury community, and provide support services that lead to the improved outcomes for children and adults with brain injuries.
